Positions Available:

Work where you can live and play in the heart of the beautiful Lakes Region of New Hampshire. We are a well established and growing independent practice seeking a TPA/g certified OD to join us as we expand into a new era of patient care. Our office is a full scope practice providing primary care optometry, ocular disease monitoring, contact lenses, pediatrics, vision therapy, concussion management, and sports vision training.

To provide the highest level of care to the members of our community, we utilize the latest diagnostic equipment including optomap, OCT, Octopus visual field, auto-refractor, color vision, multi-spectral Imaging, and electrophysiology in our 6000 sq.ft. multi-use facility. In addition, the facility has an optical department with finish lab and a comprehensive sports vision/vision therapy/rehab center. The rehab center allows us to utilize state of the art testing equipment and protocols to test and train athletes and our patients requiring vision therapy.

We are less than two hours from Boston, the Seacoast and the White Mountains, near Lake Winnepesaukee. Everything for your outdoor thrills from skiing, hiking, boating, and Bike Week is here in our backyard.

We currently have two excellent full time doctors and an amazing staff. We are looking to add another great doctor to our team - this can be a full time or part time opportunity. Visit our webpage www.infocuseyecarenh.com to learn more about our practice.

Qualified candidates please forward your resume to infocuseyeoffice@gmail.com for consideration or contact Crystal at (603) 527-2035 for details. (posted 1/11/2019)

Associate Optometrist, Salem, NH

Our practice has an immediate opening for a NH state licensed Optometrist. We are a rapidly growing practice in Southern New Hampshire. Each of our offices has state of the art equipment, including wavefront digital refractions and retinal imaging. The ideal candidate will have a good work ethic and practice quality patient care. We currently have flexible days, offer highly competitive pay and an excellent benefits package for the right applicant. Contact Dr. Tony Fusco at tfusco2020@yahoo.com

Optometrist responsibilities:

- Conduct routine eye examinations, to determine best corrected visual acuity.
- Evaluate and educate patients for proper contact lens wear.
- Provide care for patients with eye-related disorders and conditions.
- Evaluate eye-related symptoms.
- Co-manage with other health care professionals when required.
- Identify eye health safety factors that could impact vision.
- Educate patients on proper eye care. (posted 8/14/2018)

Opportunity for Associate Optometrist: Full time or Part time

We are a well-established Independent Doctor of Optometry practice located next to LensCrafters

in Newington, NH. We are seeking a full time associate doctor however, part time interest is welcome.

The office is located adjacent to Portsmouth, NH a historic, beautiful seacoast town frequently included on many "best places to live" lists. We border Maine and are an easy 50 minute drive to Boston and 1.5 hours to the White Mountains. This is a great area to practice and live. Portsmouth has sandy beaches, hiking trails, great restaurants, theater, shopping and the feel and history of an old seaport town.

Exam lanes and pretesting areas are equipped with new digital technology which make exam testing and patient flow efficient. Our staff is friendly, knowledgeable and well trained.

Excellent salary package includes bonus incentives, medical benefits, retirement account match, vacation time and a stipend for continuing education and licensing.

We are a busy, high volume office and our goal is to find an optometrist that is professional, efficient and personable.

New graduates are welcome.

Please email all inquiries with CV to foxruneyecare@msn.com (posted 6/6/2018)

Other:

Are You Fully Protected?

You take care of others when they need help – who will take care of your bills if you become disabled? You probably bought disability insurance in med school, but have you reviewed your coverage recently? Does it cover all your personal expenses? And does it provide enough replacement income to keep your practice going? And pay all personal and business loans?

Robbins Farley provides specialized insurance products to make sure doctors and practices have all the protections they need.

Contact Leo White, leo.white@robbinsfarley.com, 603-703-0266 for a personal review. (posted 10/3/2018)
